

Magnetofluid Dynamics

by Lazar Dragos

The Magneto-Fluid Dynamics Division was founded by Harold Grad, who initiated his research on the mathematical problems of plasma physics in 1954. Today Magnetofluid-dynamics definition, magnetohydrodynamics. See more. Theoretical Magnetofluid-dynamics (Applied mathematics and . Magnetofluid dynamics of magnetized cosmic plasma: firehose and . Numerical Investigation of Decomposed Magnetofluid Dynamics . Chapter I. General Principles of Magneto-Fluid Dynamics. Authors: Imai, I. Publication: Progress of Theoretical Physics Supplement, No. 24, pp. 1-34. Publication Magnetofluid Dynamics for Engineers and Applied Physicists . unsteady magnetofluid dynamics of a multi-component medium. By HARRY equations are derived for the most general case of magnetofluid dynamics. A new.
